

# Hawks Prairie Ponds

3001 Hogum Bay Road NE in Lacey

## DO A SUMMER SCAVENGER HUNT

1. What kind of water is in the Hawks Prairie Ponds, and what is special about this water?

---

2. These are located around the ponds. Check the box when you spot one!

Nootka rosehip

*Rosehips are the fruits of this native rose bush.*

Oak tree

*Garry Oak is the only native oak in Washington state.*

Reclaimed water sign

*How many reclaimed water signs can you find at Hawks Prairie?*

3. Take a seat on a bench. What are three new things you can see?

---

4. Find a kiosk with a sign all about wetlands. Why are wetlands important?

---

5. Spot these, then check the box!

- Home for an animal - hole in a tree, burrow, or nest
- Dragonfly
- Bird singing. What does it sound like? \_\_\_\_\_
- Rain Garden
